

# SUPPORT JAPAN THROUGH THE RED CROSS WITH GREENWIN INC.

In light of the recent devastation in Japan, Greenwin Inc., a Canadian residential and commercial real estate provider, is offering support to the Canadian Red Cross.

On Friday, March 11, a magnitude 8.9 earthquake struck off the country's northeast coast, followed by at least 50 aftershocks, some reaching magnitude 6.0, triggering a tsunami causing enormous damage to the area. Homes were washed away, along with cars and boats, forcing people to be evacuated to higher ground.

The Japanese Broadcasting Corp. has reported at least 1,887 are dead and more than 15,000 are still missing. But that number did not include the 2,000 bodies reportedly found across coastal towns. With thousands missing in surrounding towns, the toll is unknown, leaving families devastated and torn apart. Officials are warning that as many as 10,000 people may have died in one province alone.

Food, water and medical supplies are running low in areas ravaged by the natural disasters. More than a million homes are without water and electricity.

"We will do whatever we can to provide assistance to those impacted by this tragic event. We're encouraging our residents, employees and clients in central and eastern Canada to join the cause as well," says Lily Wong, director of Community Housing, Greenwin Inc.

Visitors to Greenwin's website can donate directly to the Canadian Red Cross by clicking the "Please Donate" button that has been added to the homepage at [greenwin.ca](http://greenwin.ca)

Greenwin Inc. owns and professionally manages residential and commercial properties across the GTA, Hamilton, Cambridge, Ottawa, Montreal, Moncton, St. John, Halifax and Dartmouth. Operating for more than 60 years in the residential and commercial marketplace, it is one of Canada's premier, full-service real estate firms creating successful communities by offering value to residents and owners alike. Get involved!
